

Fisler's 6th Annual Elementary Science Olympiad competition was held on Saturday March 16th. 56 Students from 4th through 6th grade had fun competing in various science related events. The event gave Fisler students in elementary school a chance to experience a small taste of what Science Olympiad is all about. Students competed in 3 different events throughout the day and took home medals for the top 3 places in each event. Congratulations to everyone that participated and to all the event winners. Also, I would like to say a big thanks to the 5 student volunteers from Fisler's Middle School science Olympiad team and 1 student from Troy HS Science Olympiad who helped run all the events.

Medal Winners for the day were:

Circuit Wizardry (4th Grade)

1. Oliver Kim and Andrew Ma
2. Hunter Siu and Samuel Duenas
3. Josiah Elliott and Brandon Wang

No Bones About It (5th Grade)

1. Reva Sobti and Cynthia Zhou
2. Kevin Lee and Ryan Suh
3. Ashley Ahn and Vanisha Chaturvedi

Elements, Compounds and Mixtures (6th grade)
